

**CHAIR OF THE
NON-ALIGNED MOVEMENT
VIENNA CHAPTER**

**STATEMENT TO BE DELIVERED BY THE DELEGATION OF THE
BOLIVARIAN REPUBLIC OF VENEZUELA, ON BEHALF OF THE NON-
ALIGNED MOVEMENT (NAM), DURING THE SESSION OF THE
BOARD OF GOVERNORS OF THE INTERNATIONAL ATOMIC
ENERGY AGENCY (IAEA) ON “APPLICATION OF IAEA SAFEGUARDS
IN THE MIDDLE EAST”**

Vienna, 19-23 September 2019

Mr. Chairman,

1. NAM wishes at the outset to thank the Director General for his report on the Application of Safeguards in the Middle East as contained in document GOV/2016/40.
2. Before expressing its comments on the Director General's report, NAM would like to reiterate its principled position on the matter:
 - a. NAM strongly believes that stability cannot be achieved in a region where massive imbalances in military capabilities are maintained particularly through the possession of nuclear weapons, which allow one party to threaten its neighbors, and the region.
 - b. NAM considers the establishment of a nuclear-weapons-free-zone (NWFZ) in the Middle East as a positive step towards attaining the objective of global nuclear disarmament and reiterates its support for the establishment of such a zone in accordance with relevant General Assembly and Security Council resolutions.
 - c. NAM is convinced that the effective and efficient application of IAEA safeguards in the Middle East promotes greater confidence among States in the region. Accordingly, NAM considers that achieving the universality of comprehensive IAEA safeguards in the Middle East region is the first practical step towards that end, and is a necessary step towards the establishment of a NWFZ therein.

Mr. Chairman,

3. NAM welcomes that its Member States parties to the Treaty on the Non-Proliferation of Nuclear Weapons (NPT) conclude comprehensive safeguards agreements with the Agency in fulfillment of their obligation under paragraph 1 of Article III of the Treaty, as Non-Nuclear-Weapons States (NNWS). NAM notes that all States of the Middle East region except for

CHAIR OF THE NON-ALIGNED MOVEMENT VIENNA CHAPTER

Israel are parties to the NPT and have undertaken to accept comprehensive Agency safeguards.

4. NAM highlights the accession of the State of Palestine as a State Party to the NPT in February 2015 and welcomes its expressed wish to conclude a comprehensive safeguards agreement with the Agency in connection with Article III of the NPT (Paragraph 4, Section B of GOV/2016/40).
5. NAM regrets Israel's continued insistence that Agency safeguards cannot be addressed in isolation from the regional peace process. NAM emphasizes that there is no automatic sequence which links the application of comprehensive safeguards to all nuclear activities in the Middle East, to the prior conclusion of a peace settlement, and that the former would contribute to the latter.
6. NAM also notes with regret that the Director General has not been able to make further progress in fulfilling his mandate pursuant to resolution GC(59)/RES/15 regarding the application of comprehensive Agency safeguards covering all nuclear activities in the Middle East.
7. NAM emphasizes that all Member States should cooperate to reverse this unacceptable situation. NAM encourages the active participation of all Member States in achieving the universality of comprehensive IAEA safeguards in the Middle East region. In this context, NAM requests that when promoting IAEA Safeguards in the Middle East, priority shall be first accorded to achieving the universality of comprehensive IAEA safeguards therein.
8. NAM notes that the Director General will continue with his consultations in accordance with his mandate regarding the early application of comprehensive Agency safeguards on all nuclear activities in the Middle East region. NAM welcomes the Director General's efforts to encourage the development and consideration of relevant new ideas and approaches that could help to move his mandate forward, and requests that the Director General continue to regularly brief Member States on such efforts.
9. NAM States Parties to the Treaty on the Non-Proliferation of Nuclear Weapons recall the consensus decision contained in the Final Document of the 2010 NPT Review Conference on convening, in 2012, a Conference on the establishment of a Middle East zone free of nuclear weapons and all other weapons of mass destruction.
10. NAM States Parties to the Treaty on the Non-Proliferation of Nuclear Weapons express their profound disappointment on the non-convening of the Conference in 2012 as scheduled, and are of the view that the failure to convene the Conference in 2012 is

CHAIR OF THE NON-ALIGNED MOVEMENT VIENNA CHAPTER

contrary to the letter and spirit of the 1995 Resolution on the Middle East and contradicts and violates the collective agreement of the States Parties contained in the Final Document of the 2010 NPT Conference. They strongly reject the alleged impediments presented by the Conveners for not convening the Conference on schedule, and express their serious concern that the Conference has not been convened yet. They urge the UN Secretary General, the United States, the United Kingdom, and the Russian Federation, to convene the Conference without any further delay in order to avoid any negative repercussions on the relevance and credibility of the NPT, its Review process and the nuclear disarmament and non-proliferation regime as a whole, as well as on the establishment of a NWFZ in the Middle East.

11. NAM States Parties to the Treaty on the Non-Proliferation of Nuclear Weapons regret that the 2015 NPT Review Conference, despite intensive consultations, was not able to reach agreement on the draft Final Document which could have a negative impact on the NPT regime.
12. NAM requests the Director General to continue his efforts and consultations with all Member States on arrangements conducive towards the establishment of a NWFZ in the Middle East region.
13. NAM is fully committed to cooperating with the Director General and supporting his efforts in implementing resolution GC(59)/RES/15. It is NAM's expectation that all other IAEA Member States will do the same.

I thank you, Mr. President.
